# Disclaimer

## Non-GAAP Financial Measures

We use certain non-GAAP financial measures as additional measures to enhance the understanding of our financial results. This presentation includes the following non-GAAP financial measures: adjusted net revenues, adjusted variable expenses, adjusted fixed expenses, and adjusted income before income taxes. We believe that these non-GAAP financial measures are important measures of our financial performance because they exclude certain items that may not be indicative of our core operating results and business outlook and are useful to investors and analysts in evaluating the operating performance of the business. These non-GAAP measures should be considered in addition to, rather than as a substitute for, measures of financial performance prepared in accordance with accounting principles generally accepted in the United States (“GAAP”). A reconciliation of these non-GAAP measures to the most comparable financial measure presented in accordance with GAAP is included at the end of this presentation.

## Cautionary Note Regarding Forward-Looking Statements

The following information contains certain forward-looking statements that reflect the Company’s current views with respect to certain current and future events and financial performance. These forward-looking statements are and will be, as the case may be, subject to many risks, uncertainties and factors relating to the Company’s operations and business environment which may cause the Company’s actual results to be materially different from any future results, expressed or implied, in these forward-looking statements. Any forward-looking statements are based upon information available to the Company on the date of this presentation. The Company does not undertake to publicly update or revise its forward-looking statements even if experience or future changes make it clear that any statements expressed or implied therein will not be realized. Additional information on risk factors that could potentially affect the Company’s financial results may be found in the Company’s filings with the Securities and Exchange Commission.

# IBKR Growth Continues<sup>1</sup>

Multiple factors, including increased interest in the financial markets and the growing interconnectedness of investors worldwide, have propelled account growth.

More accounts on our platform have led to more client assets held at IBKR.

1. "Interactive Brokers Group" and "IBKR" include the Group's operating subsidiaries.

# IBKR Growth Continues<sup>1</sup>

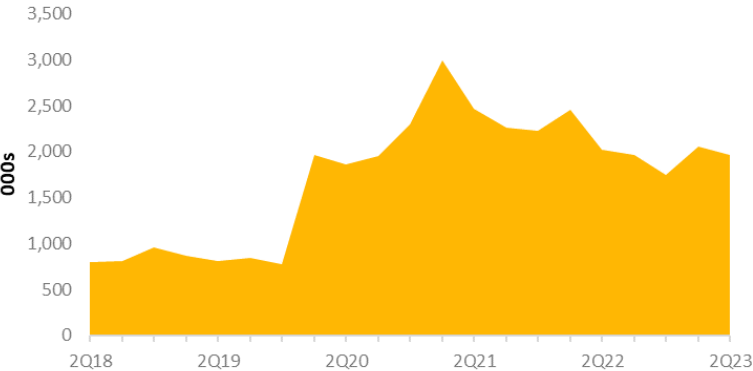

More accounts and client equity on our highly automated platform mean higher activity, as seen in increased DART levels that remain above pre-pandemic levels.

Margin loans are also above pre-pandemic levels.

This drives our superior, industry-leading profit margins.

# Recent Enhancements and New Products

**Overnight Trading Hours** – In July 2023, overnight trading was expanded to include over 10,000 US stocks and ETFs. Clients have been able to trade select US stocks and ETFs around the clock since November 2022, enabling them to react immediately to market-moving news and conveniently trade at almost any time, and giving clients in Asia access to US equity markets during their trading day. <sup>1</sup>

## **New Services for Advisors** <sup>2</sup>

- **Customized indexing** is now available, making it easy to build stock portfolios modeled on ETFs that are customizable for tax efficiency and investment goals. Customized indexing clients will own fractional shares of each component stock, so the advisor can adjust weightings, capitalize on gains or losses for tax purposes, or exclude specific stocks or sectors, personalizing as their clients need.
- **Tax loss harvest tool** – enables easy realization of tax benefits for both long- and short-term capital losses.
- **Streamlined CRM** – allows advisors to manage the full client relationship lifecycle from a single platform.
